Rain/ Weather: If there is a passing shower during the concert, we will ask the audience to shelter in the Picnic Pavilion, and will continue the program after it passes. If severe or sustained weather threatens, we will email you the morning of the concert to inform you that we are postponing the performance until the following day (same start time) & will hope for the best!

Be Advised: As a natural site, the Quarry Gardens have no paved surfaces. Trails are covered in wood chips. There are places where cliffs drop directly into the quarry pools; there are no fences. The
